

ANOTHER \$5,000 FOR BEER, SAYS HASSETT

Kept Money. Although Santo Domingo Contract Deal Was Put Off.

HOPE BRYAN CAN TESTIFY

William G. Beer got another \$5,000 under a promise of contracts in Santo Domingo, according to yesterday's testimony in the investigation into the fitness of James Mark Sullivan, Minister to Santo Domingo, and this time it was Thomas Hassett who is said to have paid the money.

Mr. Beer's name has been brought out many times in the Dominican investigation as Mr. Sullivan's "big boss" and the man who engineered Sullivan's appointment, also as the person who could get Government contracts in Santo Domingo for a substantial fee. M. E. Davis of 50 Church street told the Commissioner on Tuesday that Mr. Beer got \$5,000 from Mr. Call of the Walsh-Call Company for a Government contract in Santo Domingo. Mr. Beer is an attorney at 71 Broadway and lives in Yonkers.

Thomas Hassett, who was indicted by Gov. Whitman charged with the attempted larceny of \$50,000 from a contractor, which indictment was later quashed, testified yesterday that he too had paid Mr. Beer \$5,000 for a contract in Santo Domingo. Although he has been given to understand that the Dominican deal "is off" for at least two years Mr. Hassett said that Mr. Beer had not returned his \$5,000. Mr. Beer is also retaining Mr. Call's \$5,000, although he has not yet returned it, according to the testimony Tuesday.

Mr. Hassett was positive that his work in Santo Domingo had nothing to do with the Government of Minister Sullivan, but was in connection with the opening up of a large tract of land owned by the Samuel L. Jarvis estate.

Mr. Hassett is a member of the firm of the Hamilton Construction and Engineering Company of 233 Broadway. He is an "alleged" Democrat, he said.

WHEAT MEN DEFEND CALL RULE

Say It Benefits Farmer—Price Soars to \$1.49 a Bushel.

CHICAGO, Jan. 27.—Gardner V. Van Ness, a Board of Trade man, told Judge Landis today that before the call rule was established certain dealers had an advantage because of quick evidence of the switching of way bills engineered through their influence and in other ways, which enabled them to profit at the expense of the farmer.

Other witnesses in the Government's suit against the board included W. J. Ray, secretary of the Farmers Grain Dealers Association of Iowa, who testified that the "call" rule was a guide to shippers and enabled them to buy at closer margin.

Cash wheat soared to \$1.49 a bushel on the board today and began to recede, the price of flour advanced from \$7.40 to \$7.60 a barrel.

TEACHER-MOTHERS NOT AT WORK YET

Committee Will Consider Proposal to Send Them Back to Classes.

DON'T WANT SMALL BOARD

Mrs. Bridget Polkotto, the teacher-mother who has been reinstated by an order of State Commissioner of Education Finley, will see City Superintendent of Schools Maxwell this morning in regard to her return to school. Dr. Maxwell said at the meeting of the Board of Education yesterday that he could not tell to what school she would be assigned.

An attempt to return to duty all the teacher-mothers who have been under suspension was made at the board meeting yesterday by Dr. Ira S. Wiley. "There are some fifteen or sixteen teachers in this predicament," testified George J. Gillespie, "and only six have appealed to Dr. Finley."

"It is ridiculous," said W. G. Wilcox. "They are only an expense to the city now in being paid for work they are not doing. We know that if they appeal to Commissioner Finley he will render practically the same decision as in the case of Mrs. Wagner, as it is about the same issue."

In spite of his protests and those of Egerton L. Winthrop the matter was referred to the committee to be decided on at the next meeting.

The board voted in protest against any reduction in its membership and although the opinion of President Churchill was not officially given he announced that he will give his views on the subject this morning before the Board of Estimate and Apportionment.

"I have an open mind on the subject," he said. "I do not know if a board of forty-six is the best thing, yet I am certainly not in favor of nine members, either paid or unpaid. If they are volunteers, nine is not enough to cope with all the business of the board. If they are paid, among so small a number politics and outside interests are more than likely to creep in. Any one who wants my views will have to listen when I appear before the Board of Estimate to-morrow morning."

A novel case of neglect of duty was brought up before the board when it was announced that Herman J. Boos, a teacher in the DeWitt Clinton High School, be dismissed. Mr. Boos, according to Arthur Somers, quietly left his position in the school a year ago and went to Boston to open up a business. All efforts to reach him have been unavailing, as he has refused to answer any communications from himself as a member of the board of examiners.

John Greene, a member of the Board of Education for Brooklyn and vice-president for nine years, will be a candidate for president in opposition to Thomas W. Churchill next Monday. It was reported. The sentiment for Mr. Greene, the anti-Churchill men say, predominates in the board.

Mr. Churchill's supporters, though admitting high regard for Mr. Greene, are confident that their leader will be re-elected. Several said yesterday that the number of members seeking to end the Churchill regime had decreased and that he would be elected. Leaders of the Churchill opposition maintained that all members except the "Churchill faction" had united on Mr. Greene.

Walter L. Harvey was elected to succeed himself as a member of the board of examiners.
